The motion was approved as follows: Dan Stewart, yea, Mick Sudbury, yea, and Jeff White, yea.

NEW EMPLOYEE INTRODUCTION

Andrew Sumsion introduced Marco Yovera. Marco joined us just recently. No action was taken for full discussion please go to board meeting recording beginning at position 1:52 to 2:33.

EMPLOYEE RECOGNITION

Lelsle Fitzgerald recognized Tori Jensen. A customer called and complimented Tori on her professionalism, courtesy, and knowledge and was very pleased with how Tori treated the customer. No action was taken, for full discussion please go to board meeting recording beginning at position 2:34 to 3:58.

Clint asked the Chairman to move to Agenda Item J3, Chair approved.

Renewal of executive health insurance with Regence Blue Cross Blue Shield:

Representative from Coordinated Insurance, Alyssa Livingston, informed the Board Coordinated Insurance has completed due diligence in contacting other health insurance providers and compared costs and benefits for this service. This resulted in a recommendation of staying with Regence Blue Cross Blue Shield for the executive health insurance plan. No action was taken, for full discussion please go to board meeting recording beginning at position 4:33 to 8:44.

DEPARTMENT REPORTS

General Manager Report: Clint highlighted the following:

Staffing: Water construction crew position was filled by Marco. Another water construction crew position opened up and closed without any inhouse candidates. Interviews next week. District inspector position closed in house with one applicant.

Operations – Water: The Zone 3 emergency backup generator is installed and operational.

Operations – Wastewater: Have been getting bids on asphalt repairs and paint and staining of facilities identified on the in house walk through last fall.

Office: Discussions on how the Union Bill is going to effect the District and have met with representatives from URS and PEHP, APA Benefits. Trying to put options together if these benefits will need to be provided. A lot of things still in the air, but are working on this. Working with Yoppify for meter change outs. A trend on the delinquent notices, the pink and red notices have been less effective.

Communication & Morale: A flyer will be sent out to advertise the Localscapes class in April. This will teach people how to apply for rebates and other localscape questions. Also with information on the secondary water system, and fluoride amendments, are unable to add fluoride to the drinking water system. The District was approved for funding through the Drinking Water Board in the amount of \$3.2 million with an 80/20 split of loan forgiveness.

No action was taken, for full discussion please go to the board meeting recording beginning at position 8:45 to 19:22. Please also see the general manager's report inserted in the board meeting packet.

Engineering Report:

Trevor reported on ongoing projects. No action was taken, for full discussion, please go to the board meeting recording beginning at position 20:21 to 32:47. Please also see the engineering insert in the board meeting packet.

Water Operations Report (including water production and call out report): Steve reported the culinary water production for the month of February was 94.38 million gallons or 256.56-acre feet, a 12.46% increase from 2024. YTD was 196.45 million gallons or 602.91-acre feet, a 11.08% increase from 2024. We have purchased 130.78-acre feet of water from Jordan Valley Water. The Jordan Valley Water source site meter, has been changed out. Steve reported the total number of call outs for water and wastewater departments for February was 6. The total hours paid for those call outs was 30.5. Steve reported the construction crew has been flushing the secondary water system and installing hydrants and blow offs on the secondary water system to be used to flush the system. No action was taken, for full discussion please go to the board meeting recording beginning at position 32:48 to 36:18. Please also see the water production report inserted in the board meeting packet.

Wastewater Operations Report (including status and call out report): Dallas reported to the board the collections crew is doing their annual manhole inspections and has completed from 4100 S to 2100 S everything west of 8000 W, and working their way East. They have also completed their grease trap inspections with no issues to report. The wastewater treatment crew have completed their quarter 1 bio-monitoring. No actions were taken, for full discussion, please go to board meeting recording beginning at position 36:19 to 40:29.

Controller Report/Clerk Report:

Compliance Requirements Report: LeIsle reported the district is up to date with legal requirements and internal policies. No actions were taken, for full discussion, please go to board meeting recording beginning at position 40:30 to 41:45. Please also see the controller/clerk insert in the board meeting packet.

HR Manager Report:

Andrew reported to the Board the following:

- Safety focus for the month is blood born pathogens
- A physical therapist has been on site reviewing job tasks to understand job descriptions as well as prepare for a return to work and pre-employment physical.

- Joined the AWWA Safety Committee and attended meeting.
- Working with Larry H Miller to get a price for a Chevy Colorado, they came back with pricing from the State Contract.

No action was taken, for full discussion please go to the board meeting recording beginning at position 41:45 to 49:24.

PROJECT AWARDS & AGREEMENTS

Discussion and possible motion to approve the following project awards and agreements:

8800 W water line replacement project award to Newman Construction in the amount of \$1,420,000: A discussion was held regarding the projects that were coming up and the ability for the District to fund those projects. As far as the priority of the projects, if all of the funding is not available he indicated that this 8800 W water line replacement project could be a project that could be postponed. A motion was made by Jeff White, seconded by Dan Stewart, to table this agenda item. The motion was approved as follows: Mick Sudbury, yea, Jeff White, yea and Dan Stewart, yea. For full discussion please go to board meeting recording beginning at position 49:25 to 58:59.

JUB Engineers task order for design and bidding services of the West Side Collection Project Phase 2 in the amount of \$219,900: A motion was made by Jeff White, seconded by Dan Stewart, to approve JUB Engineers task order for design and bidding services of the West Side Collection Project Phase 2 in the amount of \$219,900. The motion was approved as follows: Mick Sudbury, yea, Dan Stewart, yea and Jeff White, yea. For full discussion please go to board meeting recording beginning at position 59:00 to 1:01:45.

Renewal of executive health insurance with Regence Blue Cross Blue Shield: A motion was made by Jeff White, seconded by Dan Stewart, to approve the renewal of executive health insurance with Regence Blue Cross Blue Shield. The motion was approved as follows: Mick Sudbury, yea, Dan Stewart, yea and Jeff White, yea. For full discussion please go to board meeting recording beginning at position 1:01:46 to 1:03:05.

GIS database development and maintenance, as-build mapping, and GIS application development by Ardurra in the amount of \$75,000: A motion was made by Jeff White, seconded by Dan Stewart, to approve the GIS database development and maintenance, as-build mapping, and GIS application development by Ardurra in the amount of \$75,000. The motion was approved as follows: Mick Sudbury, yea, Dan Stewart, yea, and Jeff White, yea. For full discussion please go to board meeting recording beginning at position 1:03:06 to 1:04:43.

UASD annual dues in the amount of \$12,300: A motion was made by Jeff White, seconded by Dan Stewart, to approve payment of the UASD annual dues in the amount of \$12,300. The motion was approved as follows: Mick Sudbury, yea, Jeff White, yea and Dan Stewart, yea. For full discussion please go to board meeting recording beginning at position 1:04:44 to 1:05:22.

ADMINISTRATIVE

Discussion and possible motion to approve the following administrative items:

Approval of Resolution 2025-02 regarding the Division of Drinking Water Lead & Copper Grant/Loan Funding: A motion was made by Jeff White, seconded by Dan Stewart, to approve the Resolution 2025-02 regarding the Division of Drinking Water Lead & Copper Grant/Loan Funding. The motion was approved as follows: Mick Sudbury, yea, Jeff White, yea and Dan Stewart, yea. For full discussion please go to board meeting recording beginning at position 1:05:23 to 1:07:59.

Approval of Resolution 2025-01 regarding the assignment agreements between the redevelopment agency of Salt Lake County and the Community Reinvestment Agency of Magna: A motion was made by Jeff White, seconded by Dan Stewart, to approve Resolution 2025-01 regarding the assignment agreements between the redevelopment agency of Salt Lake County and the Community Reinvestment Agency of Magna. The motion was approved as follows: Mick Sudbury, yea, Jeff White, yea and Dan Stewart, yea. For full discussion please go to board meeting recording beginning at position 1:08:00 to 1:09:48.

Approve Clint Dilley as the appointed member of the UASD Board of Representatives, and Mick Sudbury as the alternate member to vote on all items of business raised at the Annual Meeting of the Association: A motion was made by Jeff White, seconded by Dan Stewart, to approve Clint Dilley as the appointed member of the UASD Board of Representatives, and Mick Sudbury as the alternate member to vote on all items of business raised at the Annual Meeting of the Association. The motion was approved as follows: Mick Sudbury, yea, Jeff White, yea and Dan Stewart, yea. For full discussion please go to board meeting recording beginning at position 1:09:49 to 1:10:36.

For information and discussion only – no action items:

Legislative update and discussion: Nathan briefly informed the board of the following bills:
HB12: Division of Purchasing and general services amendments
HB81: Fluoride in the Drinking Water System
HB267: Prohibits public entities entering into collective bargaining agreements
HB274: Establishment of conservation rate tiers
SB50: Board member compensation removal of limit
SB80: DEQ ability to charge fee
SB314: Election changes

No action was taken, for full discussion please go to board meeting recording beginning at position 1:10:37 to 1:24:20.

Next month's board meeting – April 10 at 10:00 am

Motion to take a brief recess and immediately following, meet in a closed meeting to discuss (1) the character, professional competence, or physical or mental health of an individual, (2) the purchase, exchange, or lease of real property, including any form of a water right or water shares, (3) pending or reasonably imminent litigation, and (4) collective bargaining purposes pursuant to Utah Code Ann. §§ 52-4-204 through 205: Jeff White made a motion to take a brief recess and immediately following, meet in a closed meeting to discuss (1) the character, professional competence, or physical or mental health of an individual, (2) the purchase, exchange, or lease of real property, including any form of a water right or water shares, (3) pending or reasonably imminent litigation, and (4) collective bargaining purposes pursuant to Utah Code Ann. §§ 52-4-204 through 205. The motion was seconded by Dan Stewart, and approved as follows: Dan Stewart, yea and Jeff White, yea at 11:24 am.

Motion to close the closed session and to reopen the open session of the Board Meeting: Jeff White made a motion to close the closed session and reconvene the open session at 2:32 pm. The motion was seconded by Dan Stewart and approved as follows: Dan Stewart, yea, Mick Sudbury, yea, and Jeff White, yea.

Consider action on any noticed agenda item discussed in closed meeting: None

Other Business: None

Adjourn: Having no further business to discuss, a motion was made by Dan Stewart, seconded by Jeff White, to adjourn the meeting at 2:33 pm. The motion was approved as follows: Dan Stewart, yea, Mick Sudbury, yea, and Jeff White, yea.

Attest

MANAGER'S REPORT

MEMO

TO: MWD Board of Directors
FROM: Clint Dilley, P.E., General Manager
DATE: 04/02/25 (April 10th Board Meeting)
RE: Report and Discussion from General Manager

PURPOSE OF MEMO

The purpose of this memo is to provide the Magna Water District (MWD) Board of Directors a general report from the General Manager and associated discussion with input from rest of management team to keep the board abreast of general matters in the District. The format of the memo will primarily be a list of bullet points to assist guiding the discussion in the board meeting.

REPORT FROM GENERAL MANAGER

After discussions with the board and management team we have focused our efforts on three main areas including 1) Staffing 2) Operations and 3) Communication as outlined in the following sections.

STAFFING

- Water Operations
 - Open water service maintenance position on construction crew has been filled
 - Water Construction Crew Lead Man position closed with two in house candidates scheduled for interviews on 4/7/25
- Engineering
 - District Inspector position filled in house. Will start transition once Water Construction Crew Lead Man position is filled
 - Interviews ongoing for Staff Engineer Position

OPERATIONS

- Water Operations
 - Zone 3 emergency backup generator startup & final load testing completed
 - Service maintenance flushed secondary water reservoir to canal & used hydroexcavator to pump out the intake structure sump
 - A customer complimented a meter change out completed by Meterworks. Said they were very professional and courteous
- WWTP Operations
 - RV Dump to remain closed this season
 - Collections crew reviewing & identifying priority repairs for collection system this year & target locations for root control efforts
 - WWTP OM completed & submitted 2024 Phosphorous monitoring report & data summary to DWQ showing continued positive results for phosphorous removal

- Ongoing facility improvements at WWTP from last years GM walk thru including asphalt crack sealing, parking lot striping, roadway maintenance & painting/staining
- Office
 - Front conference room scheduled for touch up & painting this week
 - Continued working through summary of anticipated changes & transition options/plan for union employees that will result from the legislation that was passed on unions
- Delinquent accounts
 - February 2025
 - Accounts that are delinquent: 733
 - Total of all delinquent accounts: \$97,045.49
 - Average delinquent account balance: \$132.39
 - Pink notices sent out = 289
 - Pink notices were 66% effective
 - Red notices were 77% effective as of 2/27/25
 - January 2025
 - Accounts that are delinquent: 796
 - Total of all delinquent accounts: \$109,564.70
 - Average delinquent account balance: \$137.64
 - Pink notices sent out = 248
 - Pink notices were 45% effective
 - Red notices were 87% effective as of 1/29/25
 - December 2024
 - Accounts that are delinquent: 908
 - Total of all delinquent accounts: \$124,536.30
 - Average delinquent account balance: \$137.18
 - Pink notices sent out = 352
 - Pink notices were 71% effective
 - Red notices were 94% effective as of 12/23/24

COMMUNICATION & MORALE

- Continue working toward improving communication w/ board members & community partners
 - Sent out flyer & social media for Localscapes class for Thursday April 10th from 6-7 pm.
 - Sent out flyer & social media on fluoride legislation removing the addition of fluoride to drinking water
 - Will send out flyer on drought status/water conservation level in April
 - Will include information on \$3.2 million in grant funding MWD secured through drinking water board for lead/galvanized service line replacements in future flyer
- Work to improve communication & morale with employees
 - Office staff & mgmt team & leads completed team building meetings in March
 - Started first monthly safety raffle in this month's safety meeting so long as we remain injury free for the quarter
 - March madness tournament bracket challenge for employees
- Work to improve communication with customers
 - Thorough and prompt response to customer concerns and complaints
 - Had a customer complaint of small fish collected in secondary water service

ENGINEERING REPORT

Engineering Report (Updated 04/01/25)

Capital and General Engineering Projects

- **8800 West Water line Project**
 - Upsize the water line in 8800 W from 3100 S to 2600 S. to 12-inch
 - Bids received
- **7200 W and 3100 S Secondary Water Project**
 - Design nearing completion
 - **Anticipate bidding April**
- **WRF Reuse Project**
 - **Reuse Start up complete. Filled Reservoir and used to flush system**
- **Influent Pump Station**
 - Processing submittals and RFI's
 - **Grit Building foundation concrete next couple weeks**
 - **Pump Station concrete next couple weeks**
- **WWTP Facility Plan Update**
 - WWTP model complete
 - Facility assessment complete
 - Final Draft complete. Present report and findings in May board meetings
- **Haynes Well #8 Replacement**
 - Well drilling and casing design complete
 - Pump house design complete
 - Working on paperwork and agreement for \$1.31 million grant
 - Submitted work plan and cost estimate to EPA for review
 - **Review Meeting with EPA March 17th**
 - **Review comments from EPA, anticipated mid-April**
- **Haynes Well #7 Rehabilitation**
 - State Review of plan December
 - Bid December – January
 - **Start March 2025 so well is ready for service in summer 2025**
- **West Side Collection Phase 1B Project**
 - **Open cut portion complete, working with City/MSD on pavement section.**
 - **SR-201 crossing scheduled for second week of April**
- **West Side Collection Phase 2 Project**
 - **Design kickoff meeting scheduled for April 8th**
- **Solids Handling Building Expansion**
 - Plan review in progress
- **Change House**
 - Alternative Analysis complete.
- **Zone 3 Secondary Water Reservoir**
 - Property acquired
 - Design complete
 - In review by WVC, anticipate bidding April
- **Railroad Parcel**
 - Appraisal to be completed

WATER OPERATIONS

Water Production Report & Callout Report

March 2025

Water Production Summary

The culinary water production for the month of March was 100.6 million gallons or 308.72-acre feet, a 10.19% increase from 2024. . YTD was 297.03 million gallons or 911.63-acre feet, a 10.78% increase from 2024.

We have purchased 198.21-acre feet of water from Jordan Valley Water.

Callout Report – Water and Wastewater Combined

Total number of call outs - 13

Water – 11

Wastewater – 2

Total Hours for call outs – 57

Water – 48

Wastewater – 9

Mainline Leak – 0

Service Line Leaks – 0

Miscellaneous - 13

WASTEWATER OPERATIONS

From: [Google Forms](#)
To: [Dallas Henline](#)
Subject: Full MWPP Survey - 2025
Date: Wednesday, April 2, 2025 4:51:41 PM

You don't often get email from forms-receipts-noreply@google.com. [Learn why this is important](#)

Thanks for filling out [Full MWPP Survey - 2025](#)

Here's what was received.

Full MWPP Survey - 2025

Municipal Wastewater Planning Program survey for the year 2024.

Email *

dallas@magnawaterut.gov

Section I: General Information

Note: This questionnaire has been compiled for your benefit to assist you in evaluating the technical and financial needs of your wastewater systems. If you received financial assistance from the Water Quality Board, annual submittal of this report is a condition of the assistance. Please answer questions as accurately as possible to give you the best evaluation of your facility. If you need assistance please send an email to wqinfodata@utah.gov and we will contact you as soon as possible. You may also visit our [Frequently Asked Questions](#) page

What is the name of the Facility? *

Magna Water District

What is the Name of the person responsible for this organization?

*

Dallas Henline

What is the Title of the person responsible for this organization? *

Wastewater Operations Manager

What is the Email Address for the person responsible for this organization? *

dallas@magnawaterut.gov

What is the Phone number for the person responsible for this organization? *

8018643255

Please identify the Facility Location? *

Please provide either Longitude and Latitude, address, or a written description of the location (with area or point).

7764 W. 2100 S. Magna UT. 840924

Are you a federal facility?

A federal facility is a military base, a national park, or a facility associated with a federal government organization (e.g., BLM, Forest Service, etc.)

☐ Yes

☒ No

Financial Evaluation Section

As you begin this survey you must keep in mind which part of the wastewater system that you represent, unless you represent it all (e.g., collections, treatment, or both). If you only represent the collection system please respond to each question thinking only of collection system data as you proceed through this survey. The same goes for treatment and both. If you get a question that does not apply to the part of the system which you represent then leave it unanswered. However, please try to answer as many questions as you possibly can.

This section is completed by:

Leisle Fitzgerald

Are sewer revenues maintained in a dedicated purpose enterprise/district account?

☒ Yes

☐ No

Are you collecting 95% or more of your anticipated sewer revenue?

☒ Yes

☐ No

Are Debt Service Reserve Fund requirements being met?

☒ Yes

☐ No

Where are sewer revenues maintained?

- ☒ General Fund
- ☐ Combined Utilities Fund
- ☐ Other

What was the average MONTHLY User Charge for 2024?

33.73/RE/Month

Do you have a water and/or sewer customer assistance program (CAP)?

- ☐ Yes
- ☒ No

Are property taxes or other assessments applied to the sewer systems?

- ☒ Yes
- ☐ No

What is the yearly amount of revenue that you receive from these taxes?

1,656,818.63

Are sewer revenues sufficient to cover operations & maintenance costs, and repair & replacement costs (OM&R) at this time?

- ☐ Yes
- ☒ No

Are projected sewer revenues sufficient to cover operation & maintenance, and repair and replacement costs for the next five years?

☐ Yes

☒ No

Does the sewer system have sufficient staff to provide proper operation & maintenance, and repair and replacement?

☒ Yes

☐ No

Has a repair and replacement sinking fund been established for the sewer system?

☒ Yes

☐ No

Is the repair & replacement sinking fund sufficient to meet anticipated needs?

☐ Yes

☒ No

Are sewer revenues sufficient to cover all costs of current capital improvements projects?

☐ Yes

☒ No

Has a Capital Improvements Reserve Fund been established to provide for anticipated capital improvement projects?

☒ Yes

☐ No

Are projected Capital Improvements Reserve Funds sufficient for the next five years?

☐ Yes

☒ No

Are projected Capital Improvements Reserve Funds sufficient for the next ten years?

☐ Yes

☒ No

Are projected Capital Improvements Reserve Funds sufficient for the next twenty years?

☐ Yes

☒ No

Have you completed a rate study within the last five years?

☒ Yes

☐ No

Do you charge Impact fees?

☒ Yes

☐ No

If you charged Impact Fees, how much were they? =

If not a flat fee, use total collected impact fees for the year divided by the total number of entities who paid fees that year.

\$4,052

Have you completed an impact fee study in accordance with UCA 11-36a-3 within the last five years?

☒ Yes

☐ No

Do you maintain a Plan of Operations?

☒ Yes

☐ No

Have you updated your Capital Facility Plan within the last five years?

☒ Yes

☐ No

In what year was the Capital Facility Plan last updated?

2020

Do you use an Asset Management system for your sewer systems?

☒ Yes

☐ No

Do you know the total replacement cost of your total sewer system capital assets?

☒ Yes

☐ No

Replacement Cost =

200,000,000

Do you fund sewer system capital improvements annually with sewer revenues at 2% or more of the total replacement cost?

☐ Yes

☒ No

What is the sewer/treatment system annual asset renewal cost as a percentage of its total replacement cost?

2%

Describe the Asset Management System. Check all that apply:

- ☐ Spreadsheet
- ☒ GPS
- ☐ Accounting Software
- ☒ Specialized Software

What is the 2024 Capital Assets Cumulative Depreciation for your facility?

28,714,994.95

What is the 2024 Capital Assets Book Value?

Book Value = (total cost) - (accumulated depreciation)

34,130,584

Cost of projected capital improvements - Please enter a valid numerical value - 2024?

8,262,591

Cost of projected capital improvements - Please enter a valid numerical value - 2025 through 2029?

9,034,695

Cost of projected capital improvements - Please enter a valid numerical value
- 2030 through 2034?

5,000,000.....

Cost of projected capital improvements - Please enter a valid numerical value
- 2035 through 2039?

5,000,000.....

Cost of projected capital improvements - Please enter a valid numerical value
- 2040 through 2044?

50,000,000.....

Purpose of Capital Improvements - 2024? Check all that apply.

- ☐ Replace/Restore
- ☐ New Technology
- ☐ Increased Capacity

Purpose of projected Capital Improvements - 2025 through 2029? - Check all that apply.

- ☐ Replace/Restore
- ☐ New Technology
- ☐ Increased Capacity

Purpose of projected Capital Improvements - 2030 through 2034 Check all that apply.?

- ☐ Replace/Restore
- ☐ New Technology
- ☐ Increased Capacity

Purpose of projected Capital Improvements - 2035 through 2039? - Check all that apply.

- ☐ Replace/Restore
- ☐ New Technology
- ☐ Increased Capacity

Purpose of projected Capital Improvements from 2040 through 2044? - Check all that apply.

- ☐ Replace/Restore
- ☐ New Technology
- ☐ Increased Capacity

To the best of my knowledge, the Financial Evaluation section is completed and accurate.

- ☒ True
- ☐ False

Do you have a collection system? *

- ☒ Yes
- ☐ No

Collection System

Including piping and lift stations.

This form is completed by [name]?

The person completing this form may receive Continuing Education Units (CEUs).

Dallas Henline

Part I: SYSTEM DESCRIPTION

Please answer the following questions regarding SYSTEM DESCRIPTION.

What is the largest diameter pipe in the collection system?

Please enter the diameter in inches.

42

What is the average depth of the collection system?

Please enter the depth in feet.

10

What is the total length of sewer pipe in the collection system?

Please enter the length in miles.

100

How many lift/pump stations are there in the collection system?

0

What is the largest capacity lift/pump station in the collection system?

Please enter the design capacity in gpm.

No pump stations

Do seasonal daily peak flows exceed the average peak daily flow by 100 percent or more?

☐ Yes

☒ No

What year was your collection system first constructed?

This can be an approximate guess if you really are not sure.

1936

In what year was the largest diameter sewer pipe in the collection system constructed, replaced or renewed?

If more than one, cite the oldest.

1936
.....

Part II: DISCHARGES

Please answer the following questions regarding DISCHARGES.

How many days last year was there a sewage bypass, overflow or basement flooding in the system due to rain or snowmelt?

0
.....

How many days last year was there a sewage bypass, overflow or basement flooding due to equipment failure, except plugged laterals?

0
.....

Sanitary Sewer Overflow (SSO)

Class 1 - a Significant SSO means a SSO backup that is not caused by a private lateral obstruction or problem that:

- (a) affects more than five private structures;
- (b) affects one or more public, commercial or industrial structure(s);
- (c) may result in a public health risk to the general public;
- (d) has a spill volume that exceeds 5,000 gallons, excluding those in single private structures; or
- (e) discharges to Waters of the State.

Class 2 - a Non-Significant SSO means a SSO or backup that is not caused by a private lateral obstruction or problem that does not meet the Class 1 SSO criteria

How many Class 1 SSOs were there in Calendar year 2024?

0

How many Class 2 SSOs were there in Calendar year 2024?

0

Please indicate what caused the SSO(s) in the previous 2 questions.

N/A

Please specify whether the SSOs were caused by contract or tributary community, etc.

N/A

Part III: NEW DEVELOPMENT

Please answer the following questions regarding NEW DEVELOPMENT.

Did an industry or other development enter the community or expand production in the past two years, such that flow or wastewater loadings to the sewerage system increased by 10% or more?

☐ Yes

☒ No

Are new developments (industrial, commercial, or residential) anticipated in the next 2 - 3 years that will increase flow or BOD5 loadings to the sewerage system by 25% or more?

☐ Yes

☒ No

What is the number of new commercial/industrial connections in 2024?

6

What is the number of new residential sewer connections added in 2024?

260

How many equivalent residential connections are served?

13,565

Part IV: OPERATOR CERTIFICATION

Please answer the following questions regarding OPERATOR CERTIFICATION.

How many collection system operators do you employ?

5

What is the approximate population served?

38000

State of Utah Administrative Rules requires all public system operators considered to be in Direct Responsible Charge (DRC) to be appropriately

certified at least at the Facility's Grade. List the designated Chief Operator/DRC for the Collection System by: First and Last Name, Grade, and email.

Grades: SLS17-1, Grade I, Grade II, Grade III, and Grade IV.

Dallas Henline Grade IV, Clint Giles Grade IV, Matt Hunter Grade IV, Conner McReynolds Grade IV, Raymond Mondragon Grade III

Please list all other wastewater treatment system operators with DRC responsibilities in the field, by name and certification grade. Please separate names and certification grade for each operator by commas.

Grades: SLS17-1, Grade I, Grade II, Grade III, and Grade IV.

Dallas Henline Grade IV, Clint Giles Grade IV, Raymond Mondragon Grade III

Please list all other wastewater treatment operators by name and certification grade. Please separate names and certification grades for each operator by commas.

Grades: SLS17-1, Grade I, Grade II, Grade III, and Grade IV.

Matt Hunter Grade IV, Conner McReynolds Grade IV, Mark Manzanares Grade 1

Is/are your collection DRC operator(s) currently certified at the appropriate grade for this facility?

☐ Yes

☒ No

Part V: FACILITY MAINTENANCE

Please answer the following questions regarding FACILITY MAINTENANCE.

Have you implemented a preventative maintenance program for your

collection system?

☒ Yes

☐ No

Have you updated the collection system operations and maintenance manual within the past 5 years?

☒ Yes

☐ No

Do you have a written emergency response plan for sewer systems?

☒ Yes

☐ No

Do you have a written safety plan for sewer systems?

☒ Yes

☐ No

Is the entire collections system TV inspected at least every 5 years?

☒ Yes

☐ No

Is at least 85% of the collections system mapped in GIS?

☒ Yes

☐ No

Part VI: SSMP EVALUATION

Please answer the following questions regarding SSMP EVALUATION.

Have you completed a Sewer System Management Plan (SSMP)?

☒ Yes

☐ No

Has the SSMP been adopted by the permittees governing body at a public meeting?

☒ Yes

☐ No

Has the completed SSMP been public noticed?

☒ Yes

☐ No

USMP Public Notice Date

Date of public notice?

MM DD YYYY

03 / 31 / 2016

Continue 1

During the annual assessment of the SSMP, were any adjustments needed based on the performance of the plan?

☐ Yes

☒ No

What adjustments were made to the SSMP (i.e. line cleaning, CCTV inspections, manhole inspections, and/or SSO events)?

N/A

During 2024, was any part of the SSMP audited as part of the five year audit?

☐ Yes

☒ No

If yes, what part of the SSMP was audited and were changes made to the SSMP as a result of the audit?

N/A

Have you completed a System Evaluation and Capacity Assurance Plan (SECAP) as defined by the Utah Sewer Management Plan?

☒ Yes

☐ No

Does the collection system have more than 2,000 connections?

☒ Yes

☐ No

Has a fats, oil, and grease (FOG) or fats, oil, sand, and grease program been developed by the collection system?

☒ Yes

☐ No

Part VII: NARRATIVE EVALUATION

Please answer the following questions regarding NARRATIVE EVALUATION.

Describe the physical condition of the sewerage system: (lift stations, etc. included)

Current system well maintained but aging.

What sewerage system capital improvements does the utility need to implement in the next 10 years?

Install new lines to keep up with projected growth. Continue to maintain, repair, and replace problem areas. Install new 30" trunk line for collection of sewers. Manhole linings.

What sewerage system problems, other than plugging, have you had over the last year?

Annual maintenance plan for chemical root control.

Is your utility currently preparing or updating its capital facilities plan?

☒ Yes

☐ No

Does the municipality/district pay for the continuing education expenses of operators?

☒ 100%

☐ Partially

☐ Does not pay

Is there a written policy regarding continued education and training for wastewater operators?

☒ Yes

☐ No

Do you have any additional comments?

.....

To the best of my knowledge, the Collections System section is completed and accurate

☒ True

☐ False

Wastewater Treatment Options

You have either just completed or just bypassed questions about a Collection System. If this section was

bypassed by mistake, in the next question you will have the option to return to the questions on a Collection System. If you are good with the progress up to now, next you will determine what kind of Wastewater Treatment you have, or you can choose NO Wastewater Treatment.

What kind of wastewater treatment do you have in your wastewater treatment system?

- ☒ Mechanical Plant
- ☐ Discharging Lagoon
- ☐ Non-Discharging Lagoon
- ☐ No Treatment of Wastewater
- ☐ Collections (go back to Collections)

Mechanical Plant

Form completed by [name]?

The person completing this form may receive Continuing Education Units (CEUs).

Dallas Henline

Part I: INFLUENT INFORMATION

Please answer the following questions regarding INFLUENT INFORMATION.

What is the design basis or rated capacity for average daily flow in MGD?

4

What is the design basis or rated capacity for average daily BOD loading in lb/day?

5200

What is the design basis or rated capacity for average daily TSS loading in lb/day?

5200

What was the 2024 average daily flow in MGD?

2.7

What was the 2024 average daily loading for BOD in lb/day?

260

What was the 2024 average daily loading for TSS in lb/day?

255

What is the percent of capacity used by the 2024 average daily flow?

75

What is the percent of capacity used by the 2024 average daily BOD load?

100

What is the percent of capacity used by the 2024 average daily TSS?

100

Part II: EFFLUENT INFORMATION

Please answer the following questions regarding EFFLUENT INFORMATION.

How many Notices of Violations (NOVs) did you receive for this facility in 2024?

0

How many days in the past year was there a bypass or overflow of wastewater at the facility due to high flows?

0

Part III: FACILITY AGE

Please answer the following questions regarding FACILITY AGE.

In what year was your HEADWORKS evaluated?

2023

In what year was your HEADWORKS most recently constructed, upgraded, or renewed?

2015

What is the age of your HEADWORKS?

9

In what year was your PRIMARY TREATMENT evaluated?

2023

In what year was your PRIMARY TREATMENT constructed, upgraded or renewed?

1987

What is the age of your PRIMARY TREATMENT?

38

In what year was your SECONDARY TREATMENT evaluated?

2023

In what year was your SECONDARY TREATMENT constructed, upgraded or renewed?

Only a partial aeration upgrade 2017.

What is the age of your SECONDARY TREATMENT?

38

In what year was your TERTIARY TREATMENT evaluated?

2023

In what year was your TERTIARY TREATMENT constructed, upgraded or renewed?

Going online April 2025

What is the age of your TERTIARY TREATMENT?

0

In what year was your DISINFECTION evaluated?

In what year was your DISINFECTION constructed, upgraded or renewed?

2023

What is the age of your DISINFECTION?

1987 with some chemical dosing upgrades in 2024

In what year was your SOLIDS HANDLING evaluated?

2023

In what year was your SOLIDS HANDLING constructed, upgraded or renewed?

2006

What is the age of your SOLIDS HANDLING?

18

In what year was your LAND APPLICATION/DISPOSAL evaluated?

N/A

In what year was your LAND APPLICATION/DISPOSAL constructed, upgraded or renewed?

N/A

What is the age of your LAND APPLICATION/DISPOSAL?

N/A

Part IV: DISCHARGES

Please answer the following questions regarding DISCHARGES.

How many days in the last year was there a bypass or overflow of wastewater at the facility due to equipment failure?

0

Part V: BIOSOLIDS HANDLING

Please answer the following questions regarding BIOSOLIDS HANDLING.

Biosolids disposal (check all that apply)

☒

Landfill

☐

Land Application

☐

Give Away/Other Distribution

Part VI: NEW DEVELOPMENT

Please answer the following questions regarding NEW DEVELOPMENT.

Number of new commercial/industrial connections in the last year?

.....

Number of new residential sewer connectins added in the last year?

.....

Equivalent residential connections served?

.....

Part VII: OPERATOR CERTIFICATION

How many treatment system operators do you employ?

5

State of Utah Administrative Rules requires all public system operators considered to be in Direct Responsible Charge (DRC) to be appropriately certified at least at the Facility's Grade. List the designated Chief Operator/DRC for the Collection System by: First and Last Name, Grade, and email.

Grades: SLS17-1, Grade I, Grade II, Grade III, and Grade IV.

Dallas Henline, Grade IV, dallas@magnawater.com

Please list all other wastewater treatment system operators with DRC responsibilities in the field, by name and certification grade. Please separate names and certification grade for each operator by commas.

Grades: SLS17-1, Grade I, Grade II, Grade III, and Grade IV.

.....

Please list all other wastewater treatment operators by name and certification grade. Please separate names and certification grades for each operator by commas.

Grades: SLS17-1, Grade I, Grade II, Grade III, and Grade IV.

Beau Lamper, Grade IV, Scott Beck, Grade IV, Dyllon Dellobel, Grade II, Chet Draper, Grade II

Is/are your DRC operator(s) currently certified at the appropriate grade for this facility?

☒ Yes

☐ No

Part VIII: FACILITY MAINTENANCE

Please answer the following questions regarding FACILITY MAINTENANCE.

Have you implemented a written preventative maintenance program for your treatment system?

☒ Yes

☐ No

Have you updated the treatment system operations and maintenance manual within the past 5 years?

☒ Yes

☐ No

Please identify (below) the types of treatment equipment and processes installed at your facility.

Indicate as many as you need.

☒ Screens

☒ Grit Removal

☐ Primary Clarifier

- ☐ Imhoff Tanks
- ☐ Fixed Film Reactor
- ☒ Activated Sludge
- ☐ Aerobic Suspended Growth Variations
- ☐ Anaerobic Suspended Growth Variations
- ☐ Physical-Chemical Systems for Organic Removal w/o Secondary Treatment
- ☐ Physical-Chemical Systems for Organic Removal Following Secondary Treatment
- ☐ Membrane Filtration
- ☐ Suspended-Growth Nitrification and Denitrification
- ☐ Air Stripping
- ☒ Phosphorus Removal - Chemical
- ☒ Phosphorus Removal - Biological
- ☐ Ion Exchange
- ☐ Reverse Osmosis
- ☐ Media Filtration
- ☐ Dissolved Air Flotation
- ☐ Micro Screens
- ☒ Chlorine Disinfection
- ☐ UV Disinfection
- ☒ Effluent Use/Reuse

To the best of my knowledge, the Mechanical Plant section is completed and

accurate.

- ☒ True
- ☐ False

Adopt & Sign

I have reviewed this report and to the best of my knowledge the information provided in this report is correct. *

- ☒ True
- ☐ False

Has this been adopted by the Council? *

- ☒ yes
- ☐ No

What Date?

What date was this adopted by Council?

MM DD YYYY

04 / 11 / 2024

End of Survey

This is the end of the survey. Please make sure you have submitted your responses for each section.
Thank you for your participation.

Subject: Black Ops Concrete Building, Gates Avenue – Water & Sewer Availability

Joe,

We have completed our preliminary review of the proposed **Black Ops Concrete Building** development located at 7092 West Gates Avenue. Our determination of water and sewer availability is as follows:

EXISTING FACILITIES

- | | |
|------------------|--|
| WATER | Water service is available near the development. There is a 16-inch water line, and an 8-inch water line located in Gates Avenue, South of the proposed development. There is an existing 3/4-inch water service near the south/west corner of the property. |
| SEWER | Sewer service is available near the development. There is an 8-inch sewer main located in Gates Avenue, South of the proposed development. There is an existing sewer lateral stubbed from the main in Gates Avenue. |
| SEC WATER | Secondary water service is not available near the development. |

RECOMMENDATIONS

- | | |
|------------------|--|
| WATER | Utilize the existing service lateral near the south/west corner of the property. If a larger service is required, abandon the existing service at the main and extend service from the 8-inch water line in Gates Avenue. |
| SEWER | Utilize the existing lateral stubbed into the property. If the lateral location does not work for the proposed development, abandon the existing lateral at the main and extend a lateral from the 8-inch sewer line in Gates Avenue. |
| SEC WATER | Magna Water District has implemented a secondary water dry-line policy for all new developments approved after April 10, 2001. All new developments involving the development of outdoor watering area are required to install a secondary dry-line. This development will be required to install dry lines along the property frontage. Provide an 8-inch secondary water “dry” line the length of the property frontage or cash-in-leu equal to the cost to construct the secondary water line along the frontage. |

BOARD OF TRUSTEES
Mick Sudbury, Chairman
Jeff White
Dan L. Stewart

GENERAL MANAGER
Clint Dilley, P.E.

Plans showing the water and sewer lines will need to be furnished to the District by the Developer's engineer. These Plans will need to show the location of all lines, line sizes, profile of sewer, fittings, and water service connection sizes, locations, and type.

It is my recommendation that the Magna Water District Board approve providing water and sewer services to this Development. If you have any questions or concerns, please contact me at 801-250-2118.

Sincerely,

A handwritten signature in blue ink that reads "Trevor Andra".

Trevor Andra P.E.
District Engineer
Magna Water District

**Re: Letter of Recommendation – 8800 West Waterline Replacement Project
Construction Contractor Selection**

Dear Mr. Dilley,

Bids were opened for the construction of the 8800 West Waterline Replacement Project (Project) on Tuesday, February 25, 2025, at 2:00 p.m. at the Magna Water District (District) office. Six sealed bids were submitted and read out loud. The apparent lower bidder for the Project is Newman Construction for a total of \$1,420,000.00.

The following is a summary of the bid results and the Engineer's Estimate.

| Contractor | Bid Total |
|-----------------------------|------------------|
| Newman Construction | \$1,420,000.00 |
| Tempest Enterprises | \$1,692,458.00 |
| Beck Construction | \$1,852,555.00 |
| Noland and Son Construction | \$1,880,010.00 |
| PNL Construction | \$1,993,295.00 |
| Condie Construction Company | \$2,021,745.50 |
| Engineer's Estimate | \$2,391,070.00 |

We have reviewed the bid for the apparent low bidder. Newman Construction has submitted a bid bond for the correct amount of 5% of the bid price, and the bonds are properly completed and notarized.

Newman Construction has completed many projects of this size and type including one for the District five years ago. We believe they are competent and they have given the District a favorable bid price. If the District chooses to move forward with this Project, then we recommend awarding the project to Newman Construction.

If you have any questions about our recommendation, please reach out to me directly at (801)-597-2449 or via email at Stockton.denos@ae2s.com.

Submitted in service,

A handwritten signature in black ink, appearing to read 'Stockton Denos', written over a horizontal line.

Stockton Denos, PE
AE2S Project Manager

Magna Water District
8885 West 3500 South
Magna, UT 84044

Dear Magna Water District,

Newman Construction will uphold the total bid price of \$1,420,000.00 for 60 days beyond the bid date of February 25, 2025, for the 8800 West Waterline Replacement Project.

Thanks,

Skyler Fullmer

Our Commitment to Our Members

We're Dedicated to the Health and Financial Security of Every One of Your Employees

With the country's retirement savings gap widening and healthcare costs rising, we all need to recognize that connected problems require connected solutions. This understanding is what guides our mission to make healthcare more affordable for all Americans.

Hear the Lund family's experience
HealthEquity members since 2019

Hear Steve's experience
HealthEquity founder

Since our founding in 2002 by trauma surgeon Dr. Steve Neeleman, we've had a singular goal: Empower working Americans of all backgrounds and income levels to gain more choice and control over their healthcare and financial future.

In our two decades of experience, we've turned benefits administration into a science. And we've gained a deep understanding of the variables and challenges you face in the modern work environment.

As a deeply mission-driven company, we're passionately focused on the health and financial wellbeing of your employees. By connecting integrated and flexible technology, personalized education programs, and committed member service, we empower your employees to achieve a better future.

Like you, we're not just here to check the box. We're here to change people's lives.

Let's do it together.

Service

Remarkable Member Service

When we say we're dedicated to the health and financial security of every employee, we mean it. We work to educate members seeking help beyond their initial questions, and we offer a wide range of digital channels to provide them with support when and where they need it. We help employers with plan design, empower members with access and education, and leverage our integrations to collectively make it easy for our members to connect health and savings.

Supporting members is our top priority

We empower your employees to become better healthcare consumers over time, while giving them quick and easy access to help when they need it.

24/7 365 Live member support¹

Healthcare questions aren't limited to business hours. That's why we're here for your members day or night.

¹ Phone support for COBRA and Direct Bill members is available 8 a.m. until 8 p.m. Eastern Time.

Step-by-step guidance

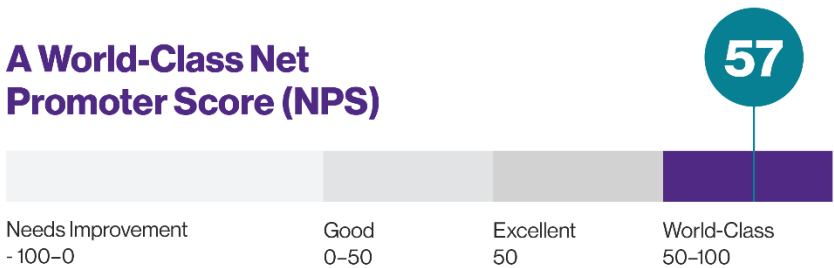

Members who understand their benefits are more likely to use them. That's why we offer on-screen tutorials, user guides, webinars, calculators, and more.

Easy account management

Intuitive navigation and dashboard tutorials make the member experience meaningful and stress free.

A World-Class Net Promoter Score (NPS)

"I call HealthEquity and, 'Yep, we can get it taken care of.' They always know the answers, so I've always had great experiences calling into HealthEquity."

Seamless, Member-First Transition

We make the move to an enhanced benefit administration as simple and streamlined as possible. Your assigned implementation team creates a customized project plan for an easy transition to our services.

Our implementation services include:

- ✓ Project planning
- ✓ Client strategy
- ✓ Systems development
- ✓ Employer education
- ✓ Program testing

Accelerate implementation

After working with 120,000+ organizations, we've got onboarding down to a science. Our implementation team will guide you through plan setup, employee enrollment, and program go-live.

Easy transfers

Quickly transfer member files from external databases or payroll vendors.

Simple customizations

Configure and customize your employer portal account in minutes.

Seamless integrations

Make benefit plan set up, ongoing administration, and future changes as easy as possible with more than 20,000 integrations available with virtually any third-party partner.

Hassle-free at every step

We're here to manage your implementation, end to end. Our experience enables us to deliver a custom transition plan that fits your unique business needs.

Hundreds of network partners:

- Health plans
- Retirement plans
- Benefit administrators
- Third-party administrators

Education

Education That Empowers

We've perfected member education, and we have the results to prove it. Our members show higher financial literacy and have some of the best savings outcomes in the industry. Wherever your employees are in their journey, we have the tools and resources to empower them to make smart and informed decisions about their health and financial security.

Our education resources enable you to:

- ✓ Drive benefit adoption
- ✓ Increase financial literacy
- ✓ Improve savings outcomes
- ✓ Measure and benchmark
- ✓ Maximize utilization
- ✓ Refine and optimize

Open enrollment toolkit

Tap into a library of collateral, webinars, and other resources you can use during annual enrollment and for new hires. We are expanding our languages and offer most collateral in Spanish, and even offer Spanish speaking educational webinars.

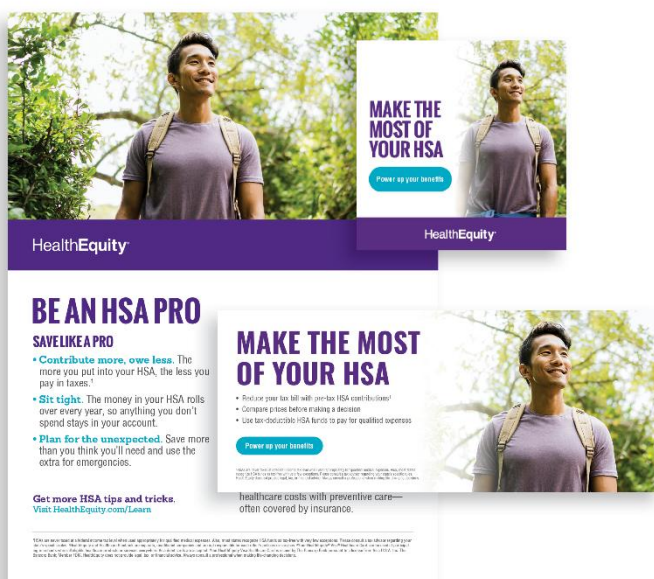

Engagement packages

We'll send targeted, systematic communications to promote positive habits and address specific areas for program improvement.

Our education programs create better outcomes.

9/10

participants in our webinars show a likelihood to enroll.

Education

Engage beyond enrollment

Our proven approach to year-round engagement delivers the right message, to the right members, at the right time. Engage360 is designed around behavior-driven journeys to reach members where they're at on their path to health and financial security. Designed for members, removing the burden from your benefits team, Engage360 includes original collateral, analytics, training, and the support you need to make a difference for your employees and your organization.

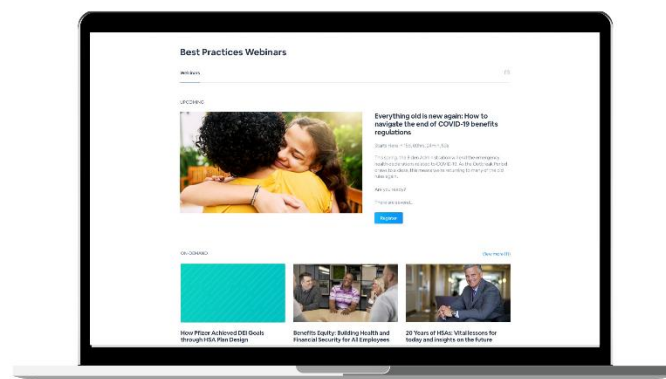

Measure and benchmark with Health Savings Score™

Track your progress, measure your HSA plan impact, and how it compares against your industry peers. We look at four key financial security indicators for your employees: health care safety net, contributions, retirement readiness, and account engagement.

Refine and optimize

Access workshops and original insights that will help you make a bigger impact with less effort. On-demand and live Q&A sessions are available. What's more, we are continuously updating our OE toolkit to make our communications more inclusive, and to test the impact of our messaging with members.

Technology

Technology Built Hassle-Free

We use technology to reduce your workload, not add to it. Smart integrations and intuitive design accelerate your implementation while making it easier for your employees to take ownership of their health and financial future.

Our platform features the following advantages:

- ✓ Mobile-first design
- ✓ Easy-to-use member and client web portal
- ✓ Real-time status and overviews
- ✓ Streamlined integrations and workflows
- ✓ Secure access
- ✓ We have hundreds of health plan integrations nationwide

Powerful integrations

Our platform makes it easy to integrate benefits with your health plan, retirement provider, payroll administrator, and more. We have integrations with many different health plans and we're adding more every year.

Automated

Accelerate claims, payments, and reimbursements.

Practical

Enable your employees to save and invest for future costs.

Efficient

Streamline day-to-day administration.

Single-view dashboard

Our unified dashboard lets members see and do everything—all in one place.

Mobile

Manage it all from the palm of your hand.

Convenient

Enjoy at-a-glance views of account balances, spending, claims status, and more.

Health Reimbursement Arrangement (HRA)

Predictable Coverage Your Employees Can Count on

Simplify member reimbursement for eligible medical expenses with a seamless HRA solution. Flexible and designed to work with other tax-advantaged health accounts, our HRAs let you determine contribution amounts, eligible expenses, and covered dependents as best fit the needs of your employees.

Our HRA solution features the following advantages:

Web-based platform for streamlined account management

Variety of HRA plan options to choose from

Powerful integrations across health plan, retirement, and more

24/7/365 U.S.-based call support

Personalized guides and live chat

Convenient mobile app

A single card for all transactions

Give your employees a multipurpose card for all transactions. Available as an option for most HRA plans, a debit card eliminates the burden of out-of-pocket expenses.

Tailored to your existing benefit structure

Our HRA solution is designed to work with your existing benefits structure, offering a wide variety of plan designs and modular options for adding new benefits that can be tailored to your specific plan.
